Principal's foreword

Introduction

Mount Isa State Special School is a small, remote special school located in North-West Queensland. The school motto 'Moving Beyond Expectations' articulates our aims and endeavours to provide high quality education that makes a positive difference to the students and their families. Our strong focus on developing students' literacy, numeracy and independent life skills underpins our belief that all students can learn, all students can excel and all students can achieve great results. In addition to these beliefs is the understanding that our school is a community school meeting the educational needs of students in Mount Isa and surrounding areas. We strive to develop partnerships with parents/carers, businesses, government and non-government service providers in achieving the best student outcomes.

School progress towards its goals in 2015

Key Priority	Actions	Progress
Increasing attendance rates for all students to 89% or higher.	<p>Identify students not achieving target</p> <p>Implement phone/contact home plan through indigenous liaison officer to develop communication between school and home.</p> <p>Raise community knowledge of school through School Newsletter, website and Facebook page.</p> <p>School road public notice board.</p> <p>Implement family reward scheme for 100% weekly attendance</p>	<p>School wide attendance policy incorporated into school practice.</p> <p>Students receive weekly rewards and acknowledgment for 100% attendance.</p> <p>Families have chance for rewards for 100% attendance with monthly parent draw.</p> <p>Overall improvement for attendance of 7% from 2014 - 2015.</p>
Developing consistency and improved student outcomes with students' reading levels through highly effective intervention strategies.	<p>Develop and embed principles of the school's Pedagogical Framework throughout school.</p> <p>Focus school operations on increasing student reading abilities.</p> <p>Increase school attendance.</p> <p>Incorporate principles of 'Putting Faces on Data' - Sharatt.</p> <p>Develop and implement School Reading Plan.</p>	<p>Develop and implement Individual Learning Plans (ILP) for 6 month periods (April-September, October – March).</p> <p>Incorporate PATH (Planning Alternatives for Tomorrow with Hope) approach for all students.</p> <p>School's Pedagogical Framework underpins how the reading skill development is planned, delivered, monitored, evaluated and reported.</p> <p>Curriculum team comprising of key teachers led development of targeting of resources towards this goal.</p>

		<p>Significant feature is the student data wall focusing on individual students' reading skills.</p> <p>School plan in place towards lifting student attendance rate.</p> <p>Staff participated in professional learning group to focus on data.</p> <p>Significant progress of School Reading Plan realised for school. Daily program reflects sharp focus on building students' reading skills.</p> <p>ILPs developed and target specific agreed goals.</p> <p>PATH plans developed in collaboration with parents/carers and guide school pedagogical practices.</p>
<p>In partnership with post school service providers, creating innovative, clear and sustainable post school pathways for students in Senior Secondary Schooling.</p>	<p>Celebrate achievements of school.</p> <p>Celebrate student achievements.</p> <p>Continue to promote student and school achievements.</p> <p>Implement Certificate 1 in Hospitality and Work Readiness for students in senior schooling with partnership with TAFE.</p> <p>Continue to improve students' and families' holistic development through the School Chaplaincy Program.</p> <p>Provide opportunity for development of Pastoral Care Programs with local high schools.</p> <p>Students to access on school and off school work experience.</p> <p>Guideline for Individual Learning (GIL) and Senior Education Transition (SET) plans implemented for students</p>	<p>School's 1st Bi Annual Art show held in term 4. Over 50 people attended the event.</p> <p>Student data wall, class awards, formal ceremonies and weekly assemblies focus on student achievements.</p> <p>Our partnership with TAFE is developing with Work Readiness course. Further progress dependent on availability of teachers for TAFE.</p> <p>School Chaplain appointed and implementing Chaplain AOP.</p> <p>STEPS program with Spinifex College and Pastoral Care Program from Good Shepherd College created opportunities for our students to develop positive friendships.</p> <p>100% of senior students engaged in on campus work opportunities.</p> <p>2 senior students engaged in off campus work experience at Best & Less and Local engineering company.</p>
<p>Develop a rich and positive Culture of Reflective Feedback that informs and improves school capacity for change and continual improvement</p>	<p>'Explicit Instruction' (Archer and Hughes) underpins school pedagogy and School Pedagogical Framework.</p> <p>'Visible Learning'-Hattie is adopted and implemented by staff.</p> <p>School's Professional Development Plan for year identifies and targets specific growth areas.</p> <p>Reflective Feedback process is embedded through the school and informs staff members of strengths and areas for further development.</p> <p>Staff engage with our Professional Learning Group to progress principles of 'Explicit Instruction', 'Putting faces on data' and 'Visible Learning'.</p> <p>Observation and feedback process (based on 'Explicit Instruction' by Archer and Hughes).</p> <p>Teachers access professional development aligned to their</p>	<p>Staff participated in professional learning group to focus on data.</p> <p>Principles of 'Visible Learning' adopted and implemented across the school.</p> <p>Staff members accessed specific training and professional development to improve the school's professional capital.</p> <p>Staff members participated in this process and benefited from observation and feedback provided as strategy of increasing staff expertise.</p> <p>Staff participated in professional learning group to focus on data.</p> <p>100% of teachers engaged in 4 formal classroom observation and feedback sessions with Principal.</p> <p>100% of teaching staff engaged in additional observations and feedback via teaching peers.</p>

	Professional Development Plans and their Learning Walls Utilise Professional Standards for Teachers	
Creating a school culture that reflects high levels of collaborative planning and delivery of curriculum that is highly engaging and focused with quality teaching and learning experiences with additional focus on Positive Behaviour School.	Develop and implement whole school curriculum plans in Maths, English and Science. Develop and embed all aspects of School's Pedagogical Framework throughout school operations. Develop and implement ASDAN principles for senior students. Continue with Stephanie Alexander Kitchen Garden to incorporate English, Maths and Science. Teachers utilise their curriculum folders to cooperatively plan, deliver and measure student achievement.	Whole school curriculum plan for 2014-2015 in Maths, English and Science developed and implemented. School's Pedagogical Framework underpins how the curriculum is planned, delivered, monitored, evaluated and reported. Post- school pathway plans developed and drive strategies of students' QCIA plans. Further development of ASDAN principles to occur. Stephanie Alexander Kitchen Garden is utilised as a key strategy in development of quality learning experiences that engage, motivate and create opportunities for quality student outcomes.
Develop high level of staff expertise in collecting, analysing and utilising student data that results in improved school performance.	Data cycle as planned is implemented One School planning tools utilised Moderation process with TCLC, Burdekin School ensures high degree of consistency across students' levels of achievement Student Case management Process	School data captured on data walls for Reading and Math; Staff are trialling uploading school wide data onto OneSchool; Moderation occurs every term with TCLC and Burdekin; Monthly staff meetings to undertake a student case management process.

Future outlook

Our school population continues to grow, especially across our early year cohorts. Overall student attendance is improving. The school continues on a trajectory of continual improvement of its curriculum, pedagogy, analysing and utilising data, building its professional capital, partnerships and facilities.

Following review of school performance and student achievements of 2015, the school community collaboratively agreed on the following four Key Priorities for 2016:

1. Collect, analyse and utilise student data to improve school performance.
2. Embed collaborative planning of the Australian Curriculum that is focused on engaging all students
3. Revise school reading program based on current research to provide clarity, consistency and improved student functional reading outcomes.
4. Increase student attendance rates to 89% or higher.

Our school at a glance

School Profile

Coeducational or single sex: Coeducational

Independent Public School: No

Year levels offered in 2015: Prep Year - Year 12

Student enrolments for this school:

Total	Girls	Boys	Indigenous	Enrolment Continuity
-------	-------	------	------------	----------------------

(Feb – Nov)					
2013	16	6	10	14	100%
2014	18	7	11	14	88%
2015	27	11	16	20	92%

Student counts are based on the Census (August) enrolment collection.

*From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

In 2015, there were no students enrolled in a Pre-Prep program.*

*Pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<http://deta.qld.gov.au/earlychildhood/families/pre-prep-indigenous.html>).

Characteristics of the student body:

Mount Isa State Special School is a co-educational school which caters for the needs of students from preparatory year to Year 12. Located in the city of a well-established major mining city, Mount Isa, the school is the only special school in this city. The majority of students (65%) are of Aboriginal culture with some students of non-Aboriginal culture. Of these students, some are of Out of Home Care family arrangements. The students are grouped into three distinct levels- Junior Primary, Intermediate and Secondary Senior.

Average class sizes

Phase	Average Class Size		
	2013	2014	2015
Prep – Year 3			
Year 4 – Year 7 Primary			
Year 7 Secondary – Year 10			
Year 11 – Year 12			

*From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

School Disciplinary Absences

Disciplinary Absences	Count of Incidents		
	2013	2014*	2015**
Short Suspensions - 1 to 5 days	0	3	0
Long Suspensions - 6 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

* Caution should be used when comparing post 2013 SDA data as amendments to EGPA disciplinary provisions and changes in methodology created time series breaks in 2014 and 2015.

**From 2015, Exclusion represents principal decisions to exclude rather than recommendations for exclusion. From 2015 where a principal decided not to exclude, a small number of recommendations for exclusions have been counted as a long suspension. Exclusions, Cancellations and Long & Charge Suspensions may be upheld or set aside through an appeals process.

Curriculum delivery

Our approach to curriculum delivery

Our school implements the Australian Curriculum (English, Maths, Science, History, Geography, Health and Physical Education and the Arts). 100% of our students are currently accessing the Australian curriculum via a highly individualized curriculum plan. Each student is taught, assessed and reported at their current academic functioning level.

Each student has a collaboratively planned and agreed set of goals and strategies targeting specific areas of improvement documented in Individual Student Provision Plans which consider students' needs and parent/carer aspirations.

Each student has a PATH (Promoting Achievements for Tomorrow with Hope) document that captures a collaborative understanding of schooling and long term aspirations of the family.

Intensive interaction is a key strategy with students with significant high needs.

Daily living skills including food preparation, cooking, self-care and gardening are offered towards encouraging independent living skills.

Stephanie Alexander Kitchen and Garden Program assists students to better understand the reason for growing good food and preparation of this food.

Multi-Sensory Environment Program is delivered in a purpose built classroom that enables students with sensory needs to be engaged and participants in a range of stimulatory activities.

Therapy programs (physiotherapy, occupational and speech language) assist in the accessing of the curriculum for students with physical, sensory and speech needs.

Swimming and water safety skills program is delivered in Terms One and Four of each school year. The school engages a qualified swimming instructor accessing the Mount Isa Aquatic Centre and the disability hoist chair for some of our students.

Extra curricula activities

- The school is equipped with a 15 seater bus that allows Community Based Instruction Programs to transport students to various venues and sites.
- Bike riding and road safety skills are taught with the school equipped with a variety of bikes and a bike path set within the school grounds.
- Horticulture and Sensory Garden are a key feature of our school and despite lack of water being a challenge, we were able to engage students in this program with great results.
- Drumbeat is offered every Tuesday lunch break and is very popular with the students.
- NAIDOC Week Activities were conducted in July by joining up with another local primary school.
- Mining Expo visitation occurs in May each year and provides opportunities for our students to see machinery used in the mines.
- Variety Club of NT and their 'Bash' team were provided a BBQ lunch as they journeyed through Mount Isa. Our students, staff and P and C members provided the 'Bash' teams with their meals.

How Information and Communication Technologies are used to improve learning

Access to the Curriculum:

Mount Isa State Special School offers access to learning using a range of information and communication technologies. Each classroom is equipped with an electronic whiteboard offering highly visual learning opportunities and every student has been provided with an iPad device for focused learning through a range of appropriately selected apps. Software such as Boardmaker, Proloquo2Go, Writing with Symbols, Communicate with Print and Clicker 6 enhance student access to the curriculum.

Cerebral Palsy League from Townsville liaise with this school regularly on enhancing its ICT capability. Audit from Jeff Souter from Education Queensland conducted in late 2013 provided direction for this school around 'Cause and Effect' devices.

Student Ability Levels:

The program, Communication Matrix has been deployed in mapping student communication skills for students with severe communication needs. The data is utilised in mapping specific goals for these students.

Building School Capacity:

Each teacher is equipped with a laptop computer and desktop computers are positioned in the staffroom for access by teacher aides. Each classroom has desktop computers for student access and switch devices enable identified students to interact with specific software.

The strong emphasis to use digital material such as video and photos continues to enhance student learning and for assessment procedures. Staff members are able to access ICT training, such as One School, as required.

Social Climate

The school's three rules are-'Be Safe, Be a Learner' and 'Be Respectful'. Our School has a current Responsible Behaviour Plan. Through a School Wide Positive Behaviour Support process developed a Behaviour Matrix that guides how the school manages behaviour. Specific behaviours are taught for a fortnight period by the teachers and students are recognised at school assemblies. In an endeavour to evaluate effectiveness of our SWPBS, data is collected from One School and used to determine individual, student and school performance. Whilst parent and student survey data this year was not available, indications from P and C meetings, face to face contact and phone contacts, lead to the belief that parents believe that their children are getting a good education and are safe whilst at this school.

The School Chaplain has been instrumental in building a positive and supportive environment with students, staff and parents/carers. This was most evident with weekly activities in building of social skills during recesses.

Staff members enjoy coming to work at this school (100%) and agree that the school encourages the students to do their best (100%). There was high agreement by staff (92%) that their school is a safe place to work and that they receive useful feedback about their work (92%).

Parent, student and staff satisfaction with the school

Parent and Community Engagement

Parent/carer involvement is central to the development of students' Individual Learning Plans and the Promoting Alternatives for Tomorrows with Hope (PATH) plans. Meetings are arranged just prior to the Easter recess with documents formalised soon after. Where parents/carers have been unable to attend the meetings face to face, phone meetings have allowed participation and input. The school's Parents and Citizen's Association is another vital link between home and school and is made up of a number of devoted parents keen to advance the educational and social outcomes of students of the school. These parents are supporters of fundraising activities and key parents involved in day to day conduct of the school and in their child's education. For students who are in a care arrangement, carers are involved in the development of the Education Support Plan with the school guidance officer, the Principal and officers of the Department of Child Safety.

The school newsletter is a vital link between home and school offering information and news of events from the two week period of schooling. The school website also offers opportunities for parents/carers to know what is happening with the school.

Each student has a communication book that provides opportunities for parents/carers to maintain communication with the class teacher. For some students, parents and staff meet on a daily basis during drop off and pick up times and these occasions offer opportunities for discussions.

Parents are invited to our weekly assemblies where student acknowledgement is the focus. Formal ceremonies such as Presentation of School Leaders' Badges, NAIDOC and special events provide opportunities for parents to feel welcomed and be part of our school community.

Reducing the school's environmental footprint

Significant efforts are made by all staff and students to reduce electricity and water usage where possible. Due to the climate in Mount Isa which predominately hot most of the year, air conditioners are a necessity of life to maintain good learning conditions. For our some of our students with severe and profound disabilities, it is essential that air conditioner are in good working order to ensure that their wellbeing is maintained. In spite of increase student enrolments from 2013 to 2014, electricity usage decreased significantly. Water leaks detected on school oval and continued poor wet season contributed to higher than expected water usage. Also unexpected higher temperatures across the entire school year also resulted in higher energy usage.

Years	Environmental footprint indicators	
	Electricity kWh	Water kL
2012-2013	61,278	8,206
2013-2014	49,715	15
2014-2015	66,730	7,226

*The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

Our staff profile

Staff composition, including Indigenous staff

Expenditure on and teacher participation in professional development

The total funds expended on teacher professional development in 2015 were \$24 141.73.

The major professional development initiatives are as follows:

- Intensive Interaction
- First Aid Qualifications and CPR training
- Queensland Inclusion School Leaders Conference
- Fierce Conversations
- QASEL State Conference
- Special Education Curriculum Cluster Conference
- One School Training
- Complex Health Procedures and Medication
- Disability specific professional development activities
- Australian Curriculum professional development

The proportion of the teaching staff involved in professional development activities during 2015 was 100%.

Average staff attendance	2013	2014	2015
Staff attendance for permanent and temporary staff and school leaders.	99%	97%	97%

Proportion of staff retained from the previous school year

From the end of the previous school year, 100% of staff was retained by the school for the entire 2015 school year.

Performance of our students

Key student outcomes

Student attendance	2013	2014	2015
The overall attendance rate for the students at this school (shown as a percentage).	74%	72%	79%
The attendance rate for Indigenous students at this school (shown as a percentage).	72%	67%	74%

The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

The overall attendance rate in 2015 for all Queensland Special schools was 89%.

Student attendance rate for each year level (shown as a percentage)

	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12
2013													
2014													
2015	89%	DW	DW		57%	DW	91%	DW	90%	87%	71%	85%	57%

*From 2013, the methodology used for calculating attendance rates effectively counts attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

DW = Data withheld to ensure confidentiality.

Student attendance distribution

The proportions of students by attendance range.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Teachers mark the attendance roll twice per day on One School. In addition, our school maintains a daily record of student arrivals and departures by either parents/carers or through taxis. Parents/carers are encouraged via the school newsletter to

notify the school directly when their child is absent from school. When three unexplained absences occur, the principal or class teachers made contact with the family for reasons for absence and record the contact on One School. Our school Indigenous Liaison Officer conducts home visitations in an attempt to encourage attendance. In addition and if required, the Police Liaison Officer will visit families to encourage attendance. Student attendance is encouraged through a positive incentive scheme. When a student attends school for the whole week, the student is acknowledged at school assembly with a certificate and opportunity to select a prize from the Prize Box. In addition, the name of parent/carer of that child is placed in end of the month competition for a prize. School fortnightly newsletter acknowledges students and their families who attend school on a regular basis. The school maintains student attendance chart which is updated at mid and end of each term in identifying trends in non-attendance.

National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7, and 9.

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

To access our NAPLAN results, click on the My School link above. You will then be taken to the My School website with the following 'Find a school' text box.

Post-school destination information

At the time of publishing this School Annual Report, the results of the 2016 post-school destinations survey, Next Step – Student Destination Report (2015 Year 12 cohort) for the school were not available. Information about these post-school destinations of our students will be uploaded to the school's website in September.

Early school leavers information

The destinations of young people who left the school in Years 10, 11 and prior to completing Year 12.
